RE: Sloans Point Forest Resilience Project

Dear MS. Hadlow:

The Idaho Department of Parks and Recreation staff reviewed the Sloans Point Forest Resilience Project. The McCall Ranger District is proposing to treat timber stands in the project area in order to reduce fire risk to local communities.

The project area does not contain any developed recreation facilities or trails. The project should have a minimal impact on recreation opportunities.

If you have any questions about our comments, please contact me at (208) -514-2483.

Sincerely,

Jeff Cook, Outdoor Recreation Analyst
