Comments:

Please include my comment in the official public comment record for the proposed BNF Forest Plan amendment of the EHE rule.

I am opposed to a plan amendment to do away with the EHE. The EHE protects so many other things in the BNF besides elk, such as riparian areas, unroaded slopes, soils, and a myriad of plant and animal species. If you are going to get rid of the EHE, you need to put another rule in place (before you get rid of the EHE) that greatly decreases logging, bans all clearcutting, and stops all new road construction.

Thank you for the opportunity to comment on the EHE issue.
