Comments: Thank you for taking action. We live at Widgi Creek and have watched the area turn into a problem over the past few years. We no longer walk into the forest area because of the trash, human waste, and unfortunate interactions we have had with the vagrants that live there. We don't mind campers but we predominantly find residents who stay for months at a time. While we have had to comply with strict scenic byway requirements we have purple, yellow, and blue campers across the street. We believe your actions will help with the s
