First name: Ron

Last name: Dicus

Organization:

Title:

Comments: While it is nice that you have meetings in Spokane and Colville about this project I would suggest you hold one meeting in lone during evening hours when people aren't working. This is the headquarters of the "Trailblazers" club that uses the roads and trails at least every month with 4 wheelers and snowmobiles. I do know they are very interested and concerned about this project.
