Comments: On behalf of New Castle Trails, and the rest of the New Castle community who values their time in the outdoors, I would like to express our support of the Redstone to McClure Pass Trail. Residents of New Castle tend to gravitate to cooler, higher elevation climates when summer temperatures in New Castle rise to a level that makes recreating outside less than desirable. The Crystal Valley has always held a special place to New Castle and other lower valley communities. Providing an alternate means of transportation into this summer recreational escape will take more vehicles off of SH 133 and will provide a much more intimate way to enjoy and appreciate the gift that is the Crystal River Valley! Thank you.
