Comments: I fully support the entire Crystal River Valley Trail and especially this particular section of the trail because it would make it possible for my family to ride our bikes between Marble & Redstone and to recreate on established trails in between the two communities without having to use a car. I used to ride my bike to Redstone on Hwy 133 but due to the increased traffic no longer feel safe doing so (especially with kids). I think it would also be of interest for the project to consider the possibility of using the old railroad grade from 133 into the town of Marble in order to fully connect the communities with each other via bike/walking paths.
