First name: Matthew

Last name: Hunt

Organization:

Title:

Comments: I am in support of this trail. It will provide a safer route through these areas by cyclists who currently use the road which has limited shoulders and can be dangerous. It will provide greater opportunity to residents to use bikes as a form of transportation between the communities and reduce car usage. Impacts to wildlife are very limited given the amount of private property development and highway that exists near or along the proposed paths.
