First name: Susannah

Last name: Biggs

Organization:

Title:

Comments: It is criminal to attempt to contain animals who love and need their freedom, as we as humans like ours! Ranchers should not have the majority vote about what horses (and other wild animals) have or don't have. We have to SHARE the world because it doesn't belong to just a few. Leave the animals to be free. A RIGHTEOUS man cares for animals-The Bible.
