Comments: Hello.

I am an avid off-road enthusiast who enjoys spending time with family and friends in the outdoors. It is crucial that the trails used for off-road vehicles such as motorcycles, atv, and snow machines remain open. I am a member of CITRA (Central Idaho Trail Riders Alliance) which helps maintain and clear public trails throughout the Central Idaho mountains. We love and enjoy this work and the reward is knowing that we keep trails cleared and open for all to use.
