Comments: Leave the Heber wild horses alone. Do not remove any of them from the land and their home. They are on land supported by the tax payers - ALL taxpayers, not just a few who are out only to profit for themselves at the cost of causing these magnificent horses to loose their lives. These horses are on OUR public lands and it is your job to protect them. Please reread your mission and values and don't cave in to the ranching community. The wild horses are a big draw to APACHE-SITGREAVES NATIONAL FOREST. Thank you for considering my comments.
