Comments: I ask you reconsider your plans for the Heber wild horses. This is not a local opinion since I am from Florida. My geography doesn't matter..I am a US citizen which means I am part "owner" of the public land that the wild horseswhich I also "own" part of ...are in imminent danger of extinction if you go forth with your plans. This administration will not last forever...please don't be on the wrong side of right when it all comes down.
