Comments: I have recently reviewed the released Nez Perce-Clearwater Forest Plan Revision Draft Environmental Impact Statement and Draft Revised Forest Plan. None of the alternatives presented reflect the management I would like to see implemented for the Hoodoo Roadless Area. Please accept these comments into the formal record.

I am a hunter and hiker who has enjoyed the roadless area for its ruggedness and peace it has provided to me.

My fiancé and I spent 4 days in the area in the summer of 2018 camping and exploring. It was a memorable experience.

Please continue to manage the area as Recommended Wilderness

Non motorized travel is the only way that this area should be used. Its too fragile to take the risk.

Thank you for your time in reading these comments and I hope you choose to protect this amazing place.
