First name: Lawrence
Last name: Hyer
Organization:
Title:
Comments: In 1993 The Forest service count was two mares. Prior to that there was a stallion but no colts born. Without a Stallion no colts would be born. The number of descendants from this heard would be zero.
Clean up the Forest and eliminate the stray livestock. Counter sue the protesters to recoup the monies that have been and are spent on this mess.
Without a heard there is no wild horse to protect.
