Comments: This is so wrong in so many ways!! These are GOD'S Animals they were here first! How about lets live with them instead of killing or fencing them out! You could give so many horse's to people with land and pay the people a monthly fee to help care for the HORSE'S! I would be one of those people!! Do you really think 21 acres is really enough for them plus you have to give them access to the water?? They really need more room then 21 acres!! Why is this even happening they have every right to live wild and free! So sad that we have so many evil/hateful people that want them gone!! JUST BREAKS MY HEART!!!! Thank you
