Comments: I am in support of the Mission Ridge expansion but would like to see a cap on the rising cost of lift tickets and season passes. As a public land owner, I feel that its necessary to have the USFS place bounds on the lease that limit the price gouging on the mountain so its not to turn into a situation like the sports stadiums in Seattle

I am all for private business and private investment but these MUST be balanced so local residence and families can AFFORD to use the mountain.
