Title:

Comments: I have recently reviewed the released Nez Perce-Clearwater Forest Plan Revision Draft Environmental Impact Statement and Draft Revised Forest Plan. None of the alternatives presented reflect the management I would like to see implemented for the Hoodoo Roadless Area. Please accept these comments into the formal record.

About forty years ago I backpacked in this area. The peace and quiet were memorable. I think that motorized or wheeled travel there would be detrimental to wilderness values. I also think it would be harmful to wildlife. Please keep the Great Burn roadless. Thank you

I did in previous paragraph

I believe the Great burn should be managed as wilderness and should eventually be designated an official wilderness area by Congress.

Snowmobile noise carries for miles and would ruin the feeling of leaving the world behind.

I believe in wild and scenic rivers in principle. Last summer I floated the 100 miles of the Middle Fork of the Salmon, and its wilderness value wonderful.

none

Thank you for working for wilderness protection.
