Comments: I have recently reviewed the released Nez Perce-Clearwater Forest Plan Revision Draft Environmental Impact Statement and Draft Revised Forest Plan. None of the alternatives presented reflect the management I would like to see implemented for the Hoodoo Roadless Area. Please accept these comments into the formal record.

The great Burn is a beautiful area my family backpacks, hikes, and fishes. Please keep it wild: no increase in motorized access, no snowmobiles. And keep it all as possible wilderness.

Many trips. Great backpacking with my son and grand son and fishing in the Hoodoo area. Enjoyed seeing Mt. goats close up!

Yes, "the Hoodoo should be all recommended wilderness and eventually wilderness!!!'

We have tons of areas for snowmobiles already!! Enough!! The hoodoo should be quiet and truly a wilderness like experience.

don't know them .

All of the Great Burn.

Thanks to the forest planning team.....I know it is a thankless and arduous process.
