Title:

Comments: I am concerned that this area is being reserved for exclusive use. What happened to the old multiple use criteria.

Does this company have a good record concerning thier special use permits? What violations of the terms of the permit have occurred?

Will hunting still be allowed in this area? Will pets have to leashed? Will dispersed camping and hiking still be allowed? In general, how will public accessibility be affected? Will other commercial activity be authorized under this expansion? Commercial photography, food sales, etc.

Is there a sign plan in effect? Will the signs be in accordance with the Forest Service manual?
