Comments: I am a local in the Wenatchee valley. My family has 5 season pass holders in it. The new road will be a single entrance and exit which creates a trap for people in there (forest fires, land slides, avalanches...). The new ski area offers no new terrain my family would like to use. They want to develop land that is inherently hard and dangerous to access. I do not see how I would benefit from this expansion. They could improve the existing lodge and the parking lot. The only people who benefit from this are the owners.
