First name: Laura

Last name: Peterson

Organization:

Title:

Comments: As a taxpayer and horse-lover, I oppose the U.S. Forest Service's plan, developed at least in part in response to special-interest lobbying, unduly to restrict the wild horses' range to 21 square miles and to reduce the number of horses in the Heber Wild Horse Territory from around 300-500 to only around 5-100.

Thank you for your consideration.

Laura Peterson
