Comments: I'm opposing this terrible plan for our Heber Wild horses. Sterilization of these horses is inhumane and would eventually lead to the demise of the herd. They need to be humaneley managed with birth control methods, not sterilization of them. These horses mean so much to me and many other concerned tax paying citizens. You all need to redo this plan and find more humane ways to manage this herd of cherished Heber horses. Please listen to our concerns and don't be the reason we will lose these treasured horses. Please reconsider other options and don't let this plan go through as written. Save our Heber Wild horses and don't let them become history.
