Comments: Makes me sick and my heart is broken reading about potential removal of the wild horses in the Heber Wild Horse Territory. The beautiful wild horses should be protected NOT removed and most certainly NOT murdered. Remember, we share this planet with millions of other species. It is their land as much as it is ours, so we need to respect, protect and learn to live with all of our wild life friends. If we don't, the children of tomorrow will only know of wild animals from books and movies. They will never have the opportunity to experience the beauty of a wild horse living a beautiful and free life in the wild. PLEASE SAVE and PROTECT THE WILD HORSES!
