Comments: How can anyone even be considering this plan?!? Why is it so difficult to let the wild horses live and run free as they are meant to be?!? There is so much land and THEY are sharing it with US.... THEY WERE THERE FIRST!!! WHY would you take away the horses and their land and give the few remaining horses such a small area. LIVE AND LET LIVE!!! There are already too many homeless horses to be adopted and now you are going to add to that number?!?! LEAVE THE WILD HORSES ALONE!!! I am sure you can find something more useful to do with all that money!!!
