Comments: I urge the USFS to stop the roundups of our national icons, the wild mustangs or any burros in or on the outside of the Heber Wild Horse Territory. It's time the F.S.and the BLM stop annihilating our mustangs herds, one by one & Description on the demands by the beef, sheep, & Description our mustangs are in humane & Description of the family groups. Once our mustangs reach low genetic pools they will eventually become extinct. I am a U.S. citizen who travels the west to enjoy looking for the wild herds & Description on the give you my permission to execute this roundup plan. This falls under the new anti-cruelty act & Description of the USFS & Description of the properties of the properties of the USFS & Description of the properties of the properties of the USFS & Description of the properties of the USFS & Description of the properties of the properties of the properties of the USFS & Description of the properties of the USFS & Description of the properties of the USFS & Description of the properties of the properties of the USFS & Description of the USFS
