Comments: I completely support and favor keeping the Heber Wild Horses on and in the forest surrounding the Heber Overgaard community. I often drive through their area looking and watching them. I purchased an ATV strictly for this purpose. I wasn't to continue to take my family and grandchild out to view these magnificent creatures created by God himself. I personally know people who come to our community, bringing money into the community, just to see thre wild horses. These people eat here. They stay in hotel/motels or rent homes/cabins to have the opportunity to see horses living, wild and free. There is plenty room for the horses to share with woodland critters and cattle too. Since I was a young child I have had a passion for horses, they are magnificent creatures. They deserve to live on the land they have been on for generations. Please allow them to remain in the areas they call home.
