Comments: Hello,

I have family that lives in Wenatchee so I am frequently in the area visiting them. In the winter we love to go up to Mission Ridge but have always felt like it was missing beginner and easier intermediate runs. This expansion seems to be designed to fix a lot of the problems they have had over the years and will make it a much better facility. In addition I'm excited about the possibilities for nordic, tubing and mountain biking. I think this is a great use of our forest lands and am very supportive of this plan. I urge you to approve it so that they can start work on providing these new services to my friends and family who live in Wenatchee and beyond.

Sincerely,

Ryan
