First name: Laura

Last name: Horowitz

Organization:

Title:

Comments: I ask that you protect this forest with the strongest measures available. Those include:

Designate all Inventoried Roadless Areas as non-motorized;

Manage Recommended Wilderness as true wilderness in order to preserve their changes for future designation;

Include an objective that removes all unnecessary roads over the life of the forest plan; and

Establish standards that truly protects fish and wildlife, and restores and connect their habitat.

Our forests should not be turned into access roads or highways.
