Comments: I'm writing to ask the the Forest Service to grant the Tonto the strongest protections possible.

This includes:

- Designate all Inventoried Roadless Areas as non-motorized;
- Manage Recommended Wilderness as true wilderness in order to preserve their changes for future designation;
- Include an objective that removes all unnecessary roads over the life of the forest plan; and
- Establish standards that truly protects fish and wildlife, and restores and connect their habitat.

Thank you for your time!
