First name: Sandy

Last name: Rhein

Organization:

Title:

Comments: Designate all inventoried roadless Areas as non-motorized. Motor vehicles disturb and ruin the wildlife and the environment.

Please manage recommended Wilderness as true wilderness in order to preserve their changes for future designation.

I would include an objective that removes all unnecessary roads over the life of the forest plan, and I would like to establish standards that truly protect fish and wildlife, and restores and connect their habitat.
