Comments: By law our wild horses are supposed to be protected from horrific killing, shooting, and harrassment. These crimes, cruel and horrific, must be punished, and there needs to be more of an intense search for those that shoot and kidnap our wild horses. They need to be punished.
There needs to be more protection by the Forest Service and involved agenscies, to stop this horrific killing of our wild horses. This killing needs to not be tolerated, and heavy fines and jail time need to be assigned to these criminals.
These amazing animals, have no voice but ours. Time to truly protect them.
