Comments: I know you have to put in for request on comments, but why bother. You already have things set up. It is already a done deal to remove and destroy (not adopt) there is no way you are going to get horse adopted out.

You have no intention of listening or trying to work with the citizens of this country, who 85% want you to leave the horses alone.

How much are your getting paid for all your unearned work.

You don't know how to tell the truth on any thing. You adjust the numbers and situation to server your purpose.

YOU DON'T GIVE A DAMN ABOUT THE HORSES OR THEIR WELL BEING

LEAVE THEM ALONE LET NATURE TAKE IT'S COURSE
