I ask that you do not pass the Heber Wild Horse Territory Plan #189161 in part, as follows:

- * There should be no defining boundary fence for the Heber Territory.

- * Horses were on the BMRD prior to 1971 and should be able to continue to use this area.

- * The FS cannot remove any wild horses until they are proven "excess" by the law.

- * Managing by setting a number of 104 wild horses is illegal and not in compliance with the definition of "excess."
FS cannot set arbitrary numbers of horses in the territory.

- * Wild horses have a "right" to their territory whereas livestock have only a "privilege."

I thank you for your consideration,
