Comments: I have recently reviewed the released Nez Perce-Clearwater Forest Plan Revision Draft Environmental Impact Statement and Draft Revised Forest Plan. None of the alternatives presented reflect the management I would like to see implemented for the Hoodoo Roadless Area. Please accept these comments into the formal record.

I oppose allowing motorized vehicles in the Great Burn area. These vehicles and their drivers destroy natural beauty and quietude.

I oppose any lessening of the Wilderness lands in the Great Burn.

The Great Burn is too beautiful to be ruined by noise and destruction due to motorized vehicles. I've experienced these vehicles and the outlaws who drive them.

Keep the Wilderness potential as it is.

Keep out motorized vehicles. They only destroy.

Keep the clear, cold waters of the streams and rivers running as is.

Quietude must be maintained.

I appreciate Forest Service employees who do their best to manage forests for the long run.
