Comments: I am asking the US Forest Service to PLEASE grant the Tonto National Forest the strongest protections possible by:

1. Designate all Inventoried Roadless Areas as non-motorized
2. Manage Recommended Wilderness as true wilderness in order to preserve their chances for future designation
3. Include an objective that removes all unnecessary roads over the life of the forest plan
4. Establish standards that truly protect wildlife and fish; and restores and connects their habitat.

Thank you.
