Comments: Dear Tonto National Forest Supervisor,

I would like to propose the that changes to the Forest Service's "desired conditions" for the Salt River Horses to make them consistent with the intent of the state law protecting these cherished wild horses in their historic habitat along the Lower Salt River:

- Such actions include, but are not limited to, herbicide use and fence maintenance, and construction.
- The Forest Service shall provide 30 days' notice for any activity or project that may impact the Salt River Horse herd or habitat areas.

Thank you
