Title:

Comments: I am interested in protecting the Salt River Wild Horses in the Tonto National Forest Plan Revision. Please support the humane PZP birth control program implemented by the state of Arizona and its partners. Please enhance habitat, for example remove fencing, for wild horses given their economic and recreational importance. Please acknowledge the significant social, economic and historic importance of the Salt River wild horses to their local area, to the region and to the nation. Please do the right thing and support the wild horses of Salt River and their right to live wild and free, the way god had intended them to live.
