Comments: Hi everyone,

I'm writing to help protect the Tonto National Forest from the devastation that Mr. Trump would love to approve.

Please, Designate all Inventoried Roadless Areas as non-motorized;

Manage Recommended Wilderness as true wilderness in order to preserve their chances for future designation;

Include an objective that removes all unnecessary roads over the life of the forest plan; and

Establish standards that truly protects fish and wildlife, and restores and connect their habitat.

Thank you for your time and choosing the big picture of a healthier planet over the short term gains of capitalism.

Kind regards,

Dianne
