Comments: Do NOT define a BOUNDARY FENCE for the Heber Territory.

ALLOW horses to INGRESS and EGRESS from the boundaries of the Heber Territory onto adjacent US Forest Service lands on the Black Mesa Ranger District (BMRD).

Horses lived on the BMRD PRIOR to 1971. ALLOW their CONTINUED use of that area.

Allow NO REMOVAL of any wild horse by the Forest Service without LEGAL PROOF that the horse is "excess."

Setting an ARBITRARY number of 104 wild horses is ILLEGAL and OUT OF COMPLIANCE with the definition of "excess." The Forest Service MAY NOT DETERMINE arbitrary numbers of horses in the territory.

Do NOT ALLOW use of birth control (PZP). COMPLY with LEGAL MANDATES of "minimal feasible management." The PZP endocrine disrupter causes PERMANENT sterility within FOUR YEARS - not seven as stated by the drug producers. PZP is HIGHLY INTRUSIVE and NOT LEGALLY COMPLIANT management.

Wild horses have the ENDEMIC,HISTORIC BIRTHRIGHT to their territory. PRIVATE FOR-PROFIT livestock industries have a privilege to share IF NON-DISRUPTIVE to AMERICANS' WILD HORSES.
