First name: Meghan

Last name: Wynne

Organization: Concerned Citizens of New Concord

Title: Organizer

Comments: The Wayne National Forest must listen to science and public outcry. They must protect our state's only national forest instead of selling it off to polluting and nonrenewable industries. No small, short-term monetary gain could ever even begin to make up the costs of the loss of our forest. The Wayne must make decisions that benefit Ohio, not poison its air, water, and soil.
