Comments: I fully support the Mission Ridge Expansion Project. This expansion will provide jobs in the short term for our community, with the building of the expansion, provide more jobs in the long term for our community, with an expanded operating footprint allowing for more guests which will lead to more workers. This will also provide year round job opportunities at the resort and allow the resort to offer year round recreational opportunities. This will drive more business into our area, which will be good for our economy.

I fully support this expansion and the opportunities it will bring with it.
