Comments: I have recently reviewed the released Nez Perce-Clearwater Forest Plan Revision Draft Environmental Impact Statement and Draft Revised Forest Plan. None of the alternatives presented reflect the management I would like to see implemented for the Hoodoo Roadless Area. Please accept these comments into the formal record.

We NEED wild areas - not only for human sanity, but for wildlife and rare plants to stay away from excessive people and activity.

Hiking back country with knowledgeable friends, wildlife watching, enjoying silence && natural sounds.

"Roadless" means NO ROADS! No ATVs, no logging, no tricks, no RVs! HANDS OFF!

HELL NO! Noisy and polluting motors scare wildlife and shatter the quiet restfulness of the wilderness for those who want to enjoy it in peace. The people who feel entitled to destroy the quiet and tear up the landscape also usually feel entitled to destroy everything else other people hold dear. FOLLOW THE RULES - OR STAY OUT!

Rare plants and animals NEED clean water and respite from human harassment. Only allow respectful people on foot access!

Respect the land!

Any roads, motorized use, or other disruption to the wild is NOT welcome!
