Comments: I have recently reviewed the released Nez Perce-Clearwater Forest Plan Revision Draft Environmental Impact Statement and Draft Revised Forest Plan. None of the alternatives presented reflect the management I would like to see implemented for the Hoodoo Roadless Area. Please accept these comments into the formal record.

I have backpacked in this area. Keeping roadless areas roadless is one of the most important issues of our time. Once its gone you cant replace it. Dont let this valuable area change.

The great burn area is a wonderful place to challenge yourself.

Manage this area as wilderness

There are plenty of other areas that are motorized. Keep this beautiful area protected for the animals and hikers.

Kelly creek deserves wild and scenic River status.

The Clearwater national forest should be included in this plan

Thank you for all the work you were doing to create this forest plan.
