Comments: I have recently reviewed the released Nez Perce-Clearwater Forest Plan Revision Draft Environmental Impact Statement and Draft Revised Forest Plan. None of the alternatives presented reflect the management I would like to see implemented for the Hoodoo Roadless Area. Please accept these comments into the formal record.

I live in Utah but I love Montanas spectacular public lands. They are our birth right and belong to all of us. I oppose all of the Trumpers efforts to convert their long term public values into short term corporate profits.

I strongly support the MWA roadless area recommendations.

Wildlife is already severely stressed in the winter. Motorized use would add to that stress, and cause increased mortality.

I support the MWA wild and scenic rivers recommendations.

I am concerned about livestock grazing and how it may degrade riparian areas, water quality, and wildlife habitats.

Many thanks for your diligent planning efforts.
