Comments: I have recently reviewed the released Nez Perce-Clearwater Forest Plan Revision Draft Environmental Impact Statement and Draft Revised Forest Plan. None of the alternatives presented reflect the management I would like to see implemented for the Hoodoo Roadless Area. Please accept these comments into the formal record.

i am an 85 yr. old woman and have hiked on the Stateline and down by the mountain lakes for twenty years. it would be a shame to lose this small remaining, scarce and beautiful treasure. so little unspoiled area left on this earth for wildlife, natural, native vegetation, spectacular geology. please protect this.

keep it wild - a place to get away or get back

entire 151,874-acre Hoodoo Roadless Area continue to be managed as Recommended Wilderness.

protect wildlife and natural resource

don't know anything about them
