Comments: I have recently reviewed the released Nez Perce-Clearwater Forest Plan Revision Draft Environmental Impact Statement and Draft Revised Forest Plan. None of the alternatives presented reflect the management I would like to see implemented for the Hoodoo Roadless Area. Please accept these comments into the formal record.

Hi, I am retired and live in Missoula. I am an avid hiker, backpacker, trail runner, cross country skier, and cyclist. I have been in the Great Burn several times including volunteering with the Great Burn Study Group. I am also a member of the Montana Wilderness Association.

Please continue to manage the entire Great Burn recommended wilderness area (Hoodoo) as roadless.

It would be nice to be able to continue to use this area in all seasons without the intrusion of loud motorized vehicles.

Please also consider recognizing Cayuse and Kelly creeks and all of their forks as wild and scenic.

Thank you for considering my input and thank you for your continuing stewardship of these precious lands.
