Comments: Yes! Let Mission Ridge grow! The more skiable terrain there is, the more attractive the ski area becomes as a destination for ski trips. The Mountain High Snowsport Club from Portland, Oregon loves to visit Mission Ridge. We bring a bus load of skiers. The bus could fill up more easily if we can announce that Mission Ridge has a new lift and several new trails.

And if there is lodging available on the mountain, that would make a ski trip even more attractive.

The proposed expansion of Mission Ridge is great for expanded recreational opportunities, and it is also great for the local economy.
