OVER A HUNDRES HORSES LIVES ARE AT STAKE.

I am an Arizona tax payer. I am appalled about the Heber-Overgaard horse murdering events taking place. They have recently killed a herd of horses and want to kill over a hundred more. Wild horse shootings have been happening over a year now and now it has escalated to herds.

In my opinion this is to benefit the local ranchers who by the way don't see what the problem is. The ranchers here are dictators. They have no problem telling tax paying land owners what to do on their land and threatening citizens is "normal". These people are totally indifferent to everyone else and have their own interests in mind.

The forest service and the ranchers are in bed with each other. They are all related and they stick together no matter what the crime. I would like this dictatorship to dissolve and have respectful community minded people place. This is urgently needed in this area. PLEASE HELP!

PS: I would tell you my name but I am afraid of getting shot.
