Comments: As a recently new resident of Lake Chelan, I fully support the expansion of Mission Ridge. Having skied in Colorado over the years, a full service ski resort is needed. Mission Ridge has been managed very well so I would expect the same level with an expanded footprint. The expansion would also bring in more visitors to the Wenatchee area which benefits local businesses and the tax revenue. For locals like me, we would be spending our money there rather than spending over at Stevens Pass.
