Comments: I would like to lend my support to the Mission Ridge expansion. When considering where to buy a 2nd home, Mission Ridge weighed in heavily on our decision. Mission Ridge is what makes the area a 4 season playground, in fact just this winter we have introduced 3 new families to the area by bringing them skiing and they all immediately fell in love...and all had a similar response..."I had no idea this gem was here". Having on site lodging and more beginner trails will only help multiply the number of skiers and outdoorsman that discover the Valley and fall in love like we did. I hope that one day my 4 children will each have a family of their own that they will bring to our favorite ski hill in the winter and happy place all year round. Who knows, I think I have two that might even call it home year round.

Thank you,

Boris Castellanos
