Comments: I am a skier of 60+ years. Skiing is not just my passion, or a go to winter social sport, but my excuse not to do house chores...the mountains call. If the mountains can share their space and my presents, along with a "few thousand humans", I encourage development. Growth, jobs and economic expansion are healthy for a community. Wenatchee is so fortunate to have downhill mountains, how can we not embrace opportunities to develop and promote outdoor actives under conscientious development.

LIVE, LOVE, LAUGH AND PLAY IN THE MOUNTAINS! It's good therapy!
